Print 1 To N Without Loop

School

Accuracy: 61.33%

Submissions: 108K+

Points: 0

Unlock your coding potential - join our Hiring Coding Contest and land your dream job!

Print numbers from 1 to N without the help of loops.

Example 1:

Input:

N = 10

Output: 1 2 3 4 5 6 7 8 9 10

Example 2:

Input:

N = 5

Output: 1 2 3 4 5

Your Task:

Python3

Start Timer

1

#User function Template for python3

2

3

class Solution:

4

#Complete this function

5

def printNos(self,N):

6

#Your code here

7

if N==0:

8

return

9

self.printNos(N-1)

10

print(N,end=" ")

11

12

13

} Driver Code Ends
